INTRODUCTION TO SCHOOL OF  
INTERNATIONAL EDUCATION

## SCHOOL OF INTERNATIONAL EDUCATION

Established in 1997, Wuchang University of Technology (WUT) is a full-time undergraduate university with coordinated development of science, engineering, art, management, economics, literature, law, medicine and other disciplines. In 2018, WUT passed the Qualification Assessment of the Ministry of Education.

WUT is located in "Wuhan • China Optical Valley", covering an area of 828,100 square meters, with a building area of 444,000 square meters. It is located at the foot of the beautiful Meian Mountain, surrounded by Tangxun Lake, the largest urban lake in China, on three sides. The European-style building is nestled in the green mountains and green waters, which is picturesque and one of the top ten beautiful lake-view campuses in China.

There are 13 schools and 56 undergraduate programs, including School of International Education, School of Artificial Intelligence, School of Intelligent Construction, School of Life Science, School of Health and Nursing, School of Business, School of Law and Literature, School of Art Design, School of Film, Television and Media, School of Modern Industrial, School of Marxism and School of Continuing Education. At present, WUT has over 19,000 students of undergraduates, post-graduates, and international students.

WUT ranked Second Prize three times in the ranking of international competitiveness of private universities in China. The university has established partnerships with more than 50 universities from more than 20 countries, and has enrolled 300 international students from more than 20 countries. At the same time, WUT have set up overseas campuses in Osaka of Japan, Paris of France and Bangkok of Thailand. Besides, Sino-Canada School has been established in cooperation with Niagara College in Canada, and the Sino-Korea school has been established in cooperation with many high-level universities in South Korea. WUT provides great platforms for students to seek further study, paid internship, study tour, and employment overseas. In recent years, the university has provided more than 1000 students with the opportunity to study and exchange in the United States, Canada, France, U.K., Japan, South Korea, Singapore and other countries.

Exchanging Students in Korea

School of International Education(SIE) was established in 2008. It serves for students to further their study overseas; international students' enrollment, teaching and daily management; teaching and research cooperation with overseas universities, and staff training overseas.

SIE consists of 4 departments, the Administrative Office, the International Students Admission Office, the Teaching Management Office and the International Students Management Office. There are full-time management personnel with strong professional ability, foreign language proficiency and cross-cultural ability and more than 30 full-time qualified teachers who can teach courses in English.

SIE carries out degree and none-degree programs for international students in China, and has enrolled more than 1,000 international students from more than 30 countries, including Russia, Belarus, Singapore, South Korea, Thailand, Japan, Kazakhstan, Pakistan, India, Bangladesh, Zimbabwe, Ethiopia, Cote d'Ivoire, Rwanda, Tanzania and Morocco. Among them, there are more than 500-degree program students, and the number of international students ranks first in similar domestic universities.

Sports Meeting

Commending Students

There are English-taught undergraduate programs such as Business Administration, International Economics and Trade, Computer Science and Technology, and Civil Engineering and etc. At present, there are more than 200 undergraduate international students on campus. In order to strengthen Chinese language education internationally, a national Chinese Language Proficiency Test (HSK) center has been set up and national Chinese language test and training can be taken.
